BIOGRAPHY

Angela Lorenzen has been showing and selling her paintings as a professional artist since 1993 and has painted full-time since 2009. She is a self-taught artist with an academic and professional background in the biological sciences. The subjects of her high-realism acrylic paintings range from Canadian landscapes and animals to still life and architecture. Angela's paintings have been exhibited at a number of art shows and sold both privately and in commercial galleries.
